FIREFIGHTER OF THE ISSUE

Firefighter Steve Ryan

I am 54 years old and own my own business. I moved my family to Ada Township from Grand Rapids in 1986 and joined the fire department in October of 1989. I found myself helping at accident scenes near my home and the fire chief at the time Butch Visser recruited me. I really enjoy giving back

to the community I live in and being involved with such a great group of professional rescue and fire personnel. I highly value the people I have worked with and the training I have received over the years and am very happy to help my neighbors in the township. It's a very rewarding sideline career that I take very seriously.

SOME WINTER SAFETY TIPS

As the weather gets colder many households look to alternative methods to reduce heating costs. There are a variety of appliances available to help with this and most are safe if used properly. Some of the things to consider when using them are:

- Maintain and use the appliances per the manufactures recommendations.
- Keep portable heaters away from drapes, comforters, blankets, Christmas trees, and other combustible materials.
- Keep the chimney on wood stoves and fire places clean and use only seasoned hard wood.
- Keep a screen in front of the fire place.
- Don't use gasoline or other flammable liquids to start the fire.

NOTICE

Included with your tax bill that you will be receiving on December 1st will be a **PUBLIC INPUT SURVEY** for Ada Township Parks, Recreation & Open Space Plan. Please fill out the survey as soon as possible and return with your taxes in the enclosed envelope, or in a separate envelope, to the Township. Thank you!

**COUNTY OF KENT
OFFICE OF THE SHERIFF
LAWRENCE A. STELMA**

Kent County Sheriff's Office Official News Release

Lieutenant Kevin Kelley - Public Information Officer
(616)632-6236 kevin.kelley@kentcountymi.gov

Sheriff Lawrence Stelma Offers Safety Tips For Hunting Season

KENT COUNTY—Michigan's fields and forests will soon be alive with blaze orange hunting gear. Sheriff Stelma wants both visitors and residents of Kent County to know some important safety rules before setting out to deer camp.

- Your hunting license and the identification used to purchase it (Michigan driver's license, identification card, or DNR sport card) must be carried with you at all times while hunting.
- All hunters must wear an item of clothing (hat, cap, vest, jacket, or rain gear) in "hunter orange"; it must be the outermost garment; and it must be visible from all sides. If it is camouflage, at least 50 percent of the garment must be orange.
- Hunting hours begin approximately one-half hour before sunrise and last until approximately one-half hour after sunset.
- Safety zones include all areas within 150 yards (450 feet) of an occupied building, house, cabin, barn, or other farm building. You may not hunt in this area or shoot at any animal within this area, unless you have the written permission of the property owner.
- It is illegal to drink alcohol or use intoxicating drugs before hunting.

Sheriff Stelma also wants hunters to take the following precautions to prevent injury or death while hunting this season:

- Familiarize yourself with the area where you will be hunting
- Never assume you are alone in the woods
- Never assume other hunters are acting responsibly.
- If sitting against a rock or tree, make sure it is wider than your shoulders so you are not mistaken for a target.
- Be 100 percent sure of your target before shooting.

Sheriff Stelma urges all hunters to act responsibly this season. "Reacquaint yourself with Michigan's hunting laws and follow these safety tips to prevent a tragedy from happening this year."

PRESERVING ADA'S NATURAL BEAUTY AND WATER QUALITY—OPTIONS FOR PROPERTY OWNERS

Ada Township's Open Space Preservation Advisory Board recently sponsored a public educational presentation by Nate Haan, Acting Director of Calvin College's Native Landscapes program. The presentation focused on actions property owners can take to preserve natural landscapes and protect water quality in our rivers and streams at the same time.

Among the stewardship activities highlighted by Haan were the following:

- Preserving natural vegetation, particularly adjacent to stream corridors.
- Minimizing area of turfgrass lawns, and using fertilizers minimally, if at all.
- Use of native plants in landscape plantings.
- Installing "rain gardens" with native, water-loving plants to help manage stormwater on site by slowing down and filtering runoff.
- Use of rain barrels to collect water from downspouts and store it for later use in your landscaping and gardening.
- Removing invasive, non-native species from your property that tend to displace diverse, native species. Invasive species that threaten our local natural landscapes include Autumn Olive, Garlic Mustard, Asiatic Bittersweet, Japanese Knotweed, Japanese Barberry and Common Buckthorn.

Slides from the presentation can be viewed on the Ada Township web site; www.adatownshipmi.com.

Pardon Our Construction

Thank you for your support and patience while sections of Roselle Park were under construction this past fall. Our recent development there includes restoring a stream where the old Ada Beef building was and dredging the drain through the center of the park. Both these efforts will help restore the site to its normal water flow and improve the wetland habitats. In the spring, look for grasses and wildflowers growing up in the bare areas and water flowing in the stream. Contact the Park office for more details.
